

Arlene Felder

After working with the State of NJ as a social worker for 15 years, Arlene Felder, also known as "Glassy Brown", decided to take a leap of faith and pursue her passion for baking cookies.

Since entering the culinary world in 2015, Glassy Brown has expanded its operations both online and with multiple store front locations that provide full service catering for local customers and corporate clients. She also supports her local community by offering consultations to other small business owners and hosting cookie classes for all.

Glassy Brown Cookies is a delectable cookie boutique that turns cake flavors into cookies. Cookies are available in various flavors such as apple pie, peach cobbler, and banana pudding with allergen-free alternatives. Customers can even design their own personal cookie flavor!

The standard menu selections are diverse and available in options such as cookies, cookie cakes, cookie milkshakes, and yogurt parfaits.

I SEE COOKIES IN YOUR FUTURE
